iSbote L1 3D Face Recognition Smart Lock With TUYA APP & Fingerprint*3D Face Recognition Lock Security Digital Smart Door Lock With 7-way Unlock*

With powerful smart technology and hardware design, the L1 Face Recognition Full-Automatic Smart Lock from iSbote can help users fast and touchlessly unlock in 0.5 second. Featuring its unique fingerprint identification knowhow, iSbote L1 can fit for dry, wet and incomplete fingerprints, so can be widely applied into diverse situations.

The L1 works for users intelligently and safely. When the doorbell rings, the built-in camera can automatically record video and take photos. When users receive mobile phone request to unlock, they can remote unlock in the APP. if users are at home, the display screen will show who is coming when doorbell rings. It also sends out Anti Prying Alarm to owner's mobile phone in real time if the smart lock is abnormal. In unlocking status, the L8 will automatically lock the door, so users do not have to manually lock.

Key Features

- Powerful smart technology and hardware design, fast and touchlessly unlock in 0.5 second
- Built-in camera can automatically record video and take photos to transfer remote
- Sends out Anti-Prying Alarm to owner's mobile phone in real time
- Left side Open and Right side Open are supported
- Infrared Sensor Camera work perfectly in low-bright environment
- Built-in Rechargeable lithium battery, Low battery warning and 3-months power durability
- Emergency power supply in case of complete power consumption

Key Benefits

- Unique fingerprint identification know-how, fit for dry, wet and incomplete fingerprints
- Remote unlock or lock in the mainstream Tuya APP for best locking control in all 24/7
- Automatically lock the door and make users enjoy unmatched security feeling
- 7 unlock ways: 3D infrared Face, Fingerprint, Password, IC Card, Mechanical Key ,APP
- Carved alloy Material Strong enough to protect your home
- Locking & Unlocking automatically with the newest automatic technology
- Indoor double-lock knob provide you with one more safeguard
- Query unlock records in the lock APP database
- Fit to different door types: Wooden, stainless steel, bronze, Double and more

Core Specifications

Brand Name:	iSbote, Model Number: L1
Door Type:	Steel door, Stainless Steel door, Aluminum door for house, office, apartment use
Material:	Aluminum alloy
Available color:	Silver/Gold
Communication:	Tuya App, Wi-Fi
Unlock way:	Mobile APP +Face + Fingerprint + Password + Card + Key + Remote (Optional)
Tuya APP:	support IOS and Android phone
Power supply:	4000-5000 mAh Lithium Battery, USB charging port for emergency
Dimension:	About 420*70*50 mm

Fingerprint sensor:	Capacitive sensor
Mechanical key:	Support
Data Storage Options	Cloud
Fingerprint/Password Capacity	50-200
Suitable Door Thickness	35-120 mm
