

Sibote C13 All-in-One Webcam Video Conference

1080p HD lens | Full-duplex OMNI-Directional microphones | Powerful Dual Speaker

The latest creation of USB three-in-one webcam is perfect for individual and huddle space collaboration. It integrates FHD camera, microphone, speaker and audio-optimization DSP as one device, compact and easy for deployment. With 94° field of view FHD 1080p camera, attendees are clearly presented in the scene. The Omni-directional microphone will allow voice pick-up range up to 3 meters and high-power speaker with AGC automatic gain control delivers clear sound experience.

The built-in audio DSP will effectively reduce the interference of environmental background noise and help on echo cancellation. USB drive-free, plug and play, to quickly deploy into any network cloud videoconferencing software like Zoom, Skype, Teams, Webex etc. It is compatible with operation system of Linux, Windows 7/8/10, Android, Mac OS etc.

Key Features

- Integrated Design: Built-in HD camera, microphone, high fidelity speaker
- Distortion-less Wide Angle Lens: 94° wide angle with multiple no-distortion lens
- built-in Microphones and high quality voice speaker (speakers& Microphone)
- Built-in Speakers: Built in high quality studio speaker, ensuring high audio quality
- Auto Framing: Built in face detection algorithm, and provide optimal framing.
- DSP-based noise reduction technology reduces the noise while assuring image clarity
- Powerful Compatibility: Compatible with Windows7, windows10, Mac OS 10.10, etc.
- Compatible with Most popular web conferencing software: Plug and Play

Key Benefits:

- adopts high quality CMOS image sensor, able to capture HD image and clarity
- Built in array microphones enable speaker to be tracked in real time
- Powerful Microphones bring a 3-meter full-duplex high-quality call experience.
- C13 break the distance limitation to provide virtual meeting as if you are there

- Audio processing algorithm adopts high-fidelity lossless audio transmission technology
- Supports AEC, AGC, ANS processing, bringing high-quality calls of 3 meters full duplex
- Low Noise and High SNR: Low noise CMOS ensure the ultra SNR of image
- This All-in-one device make your everyday conferencing effortless and enjoyable

Core Specification

Full-HD Camera

- 1920 x 1080 Pixels @ 30 fps
- 94° Wide of View
- MJPEG Dual Stream Output

Product size

230mm x 60mm x 56mm

Package size

244mm x 98.5mm x 78mm

Integrated Audio

- Built-in Speaker
- Built-in Microphone Array
- Voice Pickup Range Up to 3 meters
- Acoustic echo cancellation and noise reduction

Warranty

12 Months

Connections

- 1 x 1.8M USB 2.0 Cable

What's In the Box

- 1 x 1080P Conference Camera
- 1 x Qualification Certificate
- 1 x User Manual

More Information

 <p>Full-HD 1080p camera Experience video resolutions up to 1080p.</p> 	<p>DSP</p> <p>Build-in audio DSP Build-in audio DSP for echo cancellation and noise reduction.</p> 
<p>Integrated HiFi audio SeeUp 3L's integrated audio is optimized for small room acoustics and delivers an exceptional sound experience.</p> 	<p>Microphone and high quality speaker beamforming microphone with noise and echo cancellation, plus a built-in high quality speaker to make all the participants to hear and be heard clearly.</p> 
<p>Works with most video conferencing applications Compatible with most of video conferencing software app, like Skype for Business, Zoom, WebEx and so on.</p>	<p>Plug-and-play USB connectivity Built-in 1.8 meters long USB cable, plug- and-play with any PC or UC platform.</p>
